Transcript Issue Date: 05-Jul-26

Name: MATETI KARTHIK PRN: 240200030

School of Computing and Data Science

BTech Total Credits: 90.0 Cumulative GPA: 8.89

Academic Year 2024-25 Semester 1.0

Course Code	Course	Credits	Grade
CS101	Introduction to Programming	4.0	A+
ECO101	Foundations of Economics	4.0	A
FND100	Frontiers	4.0	B+
MATH101	Calculus	4.0	O
PSY101	Introduction to Psychology I	4.0	B+

Semester Credits: 20.0 Semester GPA: 8.20

Academic Year 2024-25 Semester 2.0

Course Code	Course	Credits	Grade
CDS103	Data Analysis and Visualization	4.0	O
CDS203	Introduction to Data Structures	4.0	A+
FND108	Environment and Sustainability	4.0	B+
FND110	Writing and Communication	4.0	A+
LDR302	Leadership and Teambuilding	2.0	O
MATH102	Discrete Mathematics	4.0	O

Semester Credits: 22.0 Semester GPA: 9.09

Academic Year 2025-26 Semester 1.0

Course Code	Course	Credits	Grade
AI102	Frontiers of AI	4.0	O
CDS204	Object Oriented Programming	4.0	O
CS304	Design and Analysis of Algorithms	4.0	O
IDC102	Critical Thinking	4.0	A
IDC104	Indian Constitution and Democracy	4.0	A
MATH103	Linear Algebra	4.0	O

Semester Credits: 24.0 Semester GPA: 9.33

Academic Year 2025-26 Semester 2.0

Course Code	Course	Credits	Grade
AI-114M	Explainable AI	4.0	O
CDS104	Database Management Systems	4.0	A+
CDS201	Machine Learning	4.0	A+
CS211	Cryptography	4.0	A
POL203	Thinking Through Indian Tradition	4.0	A+
STAT101	Probability and Statistics	4.0	A

Semester Credits: 24.0 Semester GPA: 8.83

BASIS FOR SEMESTER GPA (SGPA) AND CUMULATIVE GPA (CGPA)

1. **Grades:** At the end of each semester, a student is awarded one of the letter grades listed in the table below for each course taken based on their overall performance in that course.

Letter Grade	Grade Point	Description	Explanation
O	10	Outstanding	Outstanding level of proficiency
A+	9	Excellent	Mastery in the course
A	8	Very Good	High level of comprehension of the course
B+	7	Good	Good level of comprehension of the course
B	6	Above Average	Fair level of comprehension of the course
C	5	Average	Below average comprehension of the course
P	4	Pass	Bare minimum comprehension of the course
F	0	Fail	Failure at meeting minimum expectations
I	0	Incomplete	One or more components of the course not completed
AU	0	Audit	Audit course has no credits
AB	0	Absent	Absent for the exam
W	0	Withdrawn	Withdrawn from the course

2. **Grade Point Calculation:**
Semester Grade Point Average (SGPA) is the weighted average of all grade points secured by the student in a given semester. Audit courses are not considered for purposes of SGPA calculation.

Cumulative Grade Point Average (CGPA) is the weighted average of all grade points secured by the student in all semesters. Audit courses are not considered for purposes of CGPA calculation.

3. **Formulae for SGPA and CGPA**: Each letter grade corresponds to a grade value which is used to calculate the student's Semester Grade Point Average (SGPA) using the following formula:

$$SGPA\ (S_i) = \frac{\sum (C_i \times G_i)}{\sum C_i}$$

Where S_i is the SGPA for a semester; C_i is the credits awarded for a course taken in the semester; G_i is the value of the grade achieved in the course.

The Cumulative Grade Point Average (CGPA) over all the semesters completed is calculated using the following formula:

$$CGPA = \frac{\sum (C_j \times S_j)}{\sum C_j}$$

Where C_j is the credits achieved during a semester; S_j is the SGPA achieved in the semester.

4. **Course completion**: The minimum grade required to pass a course is **P**.

5. **Percentage Equivalent:** This transcript doesn't provide the percentage equivalent of the GPA secured by the student. However, multiplying the GPA by a factor of 10 gives the percentage equivalent.
